Watch our
step-by-step
video guide

1. Once your article has been peer-reviewed and accepted for publication, you will receive an email which contains a link to the Online Licensing and Payments System, SciPris.

SciPris will check your institutional affiliation and article type to determine if you are eligible to use the funds.

Click 'Select a license'

2. Proceed to request use of the Read and Publish Agreement funds.

Click 'Continue with open access agreement'

If you think you are eligible for the agreement but are not presented with this screen, please contact the customer support team via the SciPris platform.

3. Sign in and create an account if you don't have one. (This is not the same system you used to submit your article to the journal.)

4. The license options are displayed. You won't see any prices because you aren't required to make a payment.
